8.	Nursing Children in the Country: Calculated at the rate of £. 5 for the first year, and £. 3 for every year afterwards for each Child, making an estimated deduction for deaths in the course of the year	21,550	–	–
	Total Amount of Expense £.	35,473	6	8

		37,973	6	8

	Total Amount of Estimate, *Irish* Currency £.	29,973	6	8
	Total Amount of Estimate, *British* Currency £.	27,667	13	10

N° 1. THIS head of Expenditure has been reduced 400*l.* the Governors having made an advantageous Contract for Beef, for the Year 1823, the Estimate under this head in the last year having been 5,400*l.*

2. This head of Expenditure has been reduced 100*l.*; the Estimate under this head in the last year, having been 2,500*l.*

3. This head of Expenditure has been reduced 200*l.* a saving having accrued on Coals, Candles, and Soap; the Estimate under this head, in the last year, having been 2,200*l.*

4. These several heads of Expenditure remain the same as last year.

5. The want of demand for Apprentices, and of any other mode of providing for the grown Children (particularly the Females) induced the Governors in the year 1819, to propose to pay to Persons taking out Apprentices the sum of 7*l.* for each child, at stipulated periods; and the amount now estimated for, will be payable during the year 1823.

6. This head of Expenditure remains the same as last year.

7. This amount granted pursuant to the approbation of his Excellency the Lord Lieutenant, and the 7th section of the Foundling Hospital Act of Parliament.

8. The Governors have caused the wages to Nurses for Children in the country, to be reduced for the first year, from 6*l.* to 5*l.*; and the second year, from 4*l.* to 3*l.* per annum: as the difficulty formerly experienced of procuring Nurses in the country has been obviated; and which reduction causes a decrease of 7,000*l.*; the Estimate under this head in the last year having been 28,550*l.*

9. The Grants made by Parliament in the Sessions of 1821 and 1822, were considerably below the Estimates submitted by the Governors, to His Majesty's Government in Ireland; and from the healthy state of the Children sent to be nursed in the country, there was during those years, a great increase in the payments made to the country nurses. This defalcation in the Grants, and increase of Expense, has occasioned the Debt introduced into the Estimate for the ensuing year.

Given under our Corporation Seal, at the Foundling Hospital, Dublin, 12th December 1822.

H. Guinness, Chairman.
